The Art of Business

Greenberg, Rosenblatt, Kull & Bitsoli, P.C.: WAM Business Partner since 1989!

For over a quarter of a century, the accounting firm of Greenberg, Rosenblatt, Kull & Bitsoli, P.C. has supported the transformative exhibitions and programs at WAM through a business partnership. That makes theirs our longest-running corporate membership!

Offering a full range of accounting, income tax, estate and trust, business valuation and management advisory services to businesses and individuals, Greenberg, Rosenblatt, Kull & Bitsoli, P.C. is proud to align their business goals with the Worcester Art Museum. With their strong commitment to both their customers and employees, the firm understands that businesses and cultural organizations must work hand-in-hand to cultivate the creativity and innovation that makes a thriving community. We are grateful for their ongoing corporate support and their investment in the health and cultural wealth and vitality of Worcester and the region.

“We believe the cultural and educational institutions in the Worcester area enhance the quality of life for employees of our firm and clients; as well as the community in general. The excellence of the WAM, and its location in the heart of the city, makes it a significant contributor to all those things that make Worcester a great place to live and work!”
